# Domains List

The screenshot displays the 'Domains' management page in the Transformable.app interface. The page title is 'Domains' with a subtitle 'Monitor the DNS and SSL status of your domains'. A search bar is located at the top left of the main content area. A table lists the domains with their respective DNS and SSL statuses and last update times. The 'formable.us' domain is highlighted in red, indicating a missing SSL status. The interface includes a sidebar with navigation options and a footer with user information and pagination controls.
